Standard wheel true	**$25**
Install chain	**$15**

Good to know

- We can typically repair a flat while you wait. Turnaround is longer for some repairs and services.
- Final estimates need your bike in the store. We can't give them over the phone. Actual prices can change with the bike and components being worked on.
- Bikes not picked up after 7 days of completion and notification incur storage charges of $5 per day.
- E-bikes not bought from Tuckahoe Bike Shop must have the battery removed for service, unless the e-bike is UL Certified.
- 100% satisfaction guarantee: if you're ever not satisfied with the work, we'll keep servicing the bike until it's right.
